Wednesday Lunchtime Seminars
Easter Term 2015

22 April  
**Alex Walther (Cognition and Brain Sciences Unit)**
*Estimating representational dissimilarity measures*

**Jonathan O’Keefe (Cognition and Brain Sciences Unit)**
*Bayesian inference accounts for a novel psychophysical effect in face perception*

29 April  
**Marieke Mur (Cognition and Brain Sciences Unit)**
*Representational dynamics: object responses in monkey inferior temporal cortex*

6 May  
**Stefano Cosentino (Cognition and Brain Sciences Unit)**
*Critical factors that affect measures of spatial selectivity in cochlear implant users*

13 May  
**Rogier Kievit (Cognition and Brain Sciences Unit)**
*An overview of the not-so-distant future of psychology and cognitive neuroscience: Replication, preregistration, data sharing, open peer review and more*

20 May  
**Sharon Erzinclioglu (with John Duncan, Marcel Leclerc, Polly Peers, Laura Hughes, Fionnuala Murphy, and Michael Hornberger)**
*The Cambridge Cognitive Neuroscience Research Panel*
*Note - This talk will run from 12:30pm – 2:00pm*

27 May  
**Holly Phillips (Cognition and Brain Sciences Unit)**
*Predictive coding in the brain in health and disease - how intracranial EEG helps validate non-invasive in vivo methods*

**Julia Gillard (Cognition and Brain Sciences Unit)**
*Social processing in response to autobiographical memories of rejection and inclusion in depression*

3 June  
**Francesca Biondo (Cognition and Brain Sciences Unit)**
*Factors affecting goal neglect*

**Alex Kaula (Cognition and Brain Sciences Unit)**
*Investigation of priming effects on associative memory*

10 June  
**Lalitha Iyadurai (University of Oxford)**
*A simple cognitive task to reduce intrusive memories after a road traffic accident*

These seminars take place on Wednesdays in the Lecture Theatre, 15 Chaucer Road, Cambridge, from 12.30pm until 1.30pm unless otherwise stated. For further information or if you would prefer to receive this list electronically, or not receive it at all, please email mandy.carter@mrc-cbu.cam.ac.uk. Please note - all seats are allocated on first-come, first-served basis, and we have an H&S limit of 90 attendees which cannot be exceeded. There is only limited parking available on site. If all spaces are taken please do not park illegally on the road outside - in particular do not park on the verges or blocking the footpaths.
