

# PhD Opportunities

## Starting October 2021

### What we offer

- 3 or 4 year PhD positions
- Full College and University of Cambridge membership
- Access to fully funded studentships
- In-house MEG, MRI, EEG and TMS machine
- Purpose-built behavioural testing laboratories
- Panels of clinical and non-clinical research volunteers
- Superb computing, administrative and technical support

### Our Science

We host world-leading scientists that can supervise projects in the following areas: **Fundamental Cognitive Neuroscience**, **Neurological and Sensory Disorders**, **Ageing and Dementia**, **Childhood Development**, **Mental Health**, **TMS** and in pioneering new **Methods in Neuroscience**.

### Supervisors

Mike Anderson		John Deeks		Joni Holmes	
Kate Baker		John Duncan		Matt Lambon Ralph	
Aya Ben-Yakov		Tobias Goehring		Tom Manly	
Bob Carlyon		Ajay Halai		Danny Mitchell	
Marta Correia		Lorna Halliday		Camilla Nord	
Tim Dalgleish		Olaf Hauk		James Rowe	
Matt Davis		Rik Henson		Alex Woolgar	

Application information and further details on our research can be found by visiting our website:

[www.mrc-cbu.cam.ac.uk](http://www.mrc-cbu.cam.ac.uk)

**Closing date for applications: 3rd December 2020**
